To volunteer for this event, you must watch the PGA TOUR Volunteer Safety Video and agree to the Golf Cart Safety Acknowledgement.

GOLF CART SAFETY TRAINING ACKNOWLEDGEMENT

Golf carts are specifically used for the transportation of persons but are used for utility purposes as well. They are of significant value to our tournaments for efficiency and economic transportation. Recognizing that golf carts are moving vehicles, the PGA TOUR has established safety rules and procedures for the safe operation of these vehicles.

Procedures for Safe Operation of Golf Carts:

- 1. Safe Speed**
 - Golf carts should be operated at a moderate speed, equivalent to a well-paced walk in congested areas.
 - Reduce speed to compensate for inclines, pedestrians, and weather conditions.
 - Slow down and drive with extra caution when the grass is wet.
